COUNCIL WILL ENDEAVOR TO LOOK AFTER DISTRESS

At Monday night's meeting of the town council, it was practically decided that work would be provided for those desiring relief, and an effort will be made to improve certain thoroughfares and refill river cribbing, weather permitting.

A number of accounts were passed for payment and the auditor's report for the three months ended September 30th, was accepted. This report showed conditions quite favorable, in spite of the quiet season.

"THE ROSARY" PRESENTED BY BLAIRMORE PLAYERS

Don't fail to see this four act performance at the Blairmore Opera House, Wed. and Thurs., November 13th and 14th. You are assured of a real treat. This play is not a comedy, it is a heart gripping emotional drama, a combination of pathos and humor. The cast, realizing this, have put in hour upon hour rehearsing the last two months, and is now prepared to do this outstanding play justice.

By giving your support you are helping the needy in these hard times as the net proceeds will be used for charitable purposes, and you in return will see a play that you will remember for its moral in the years to come.

INSTITUTE PUBLIC LIBRARY

A great increase in the use of the Library during the last two weeks indicates that the coming winter will bring a great opportunity to the Library to serve the public of Blairmore. This is what the Library is for. The more it is used the better it will become. Three hundred new books were placed on the shelves last week bringing the total classified books up to 1840. We acknowledge 15 more books from Mr. J. Oakes.

REPORTER OBEYS

Ben Huckle of the Innisfail Province, the new president of the Alberta section of the Canadian Weekly Newspapers Association is authority for the following directions for the guidance of "cub" reporters. "Never" state a fact you are not certain about or you may get into libel suits. In such cases use the words "alleged" "reported," "claimed," "rumored" and so on. The reporter was much impressed with the proper use of these instructions and in writing up a social event said: "It is rumored that a card party was given yesterday by a number of reputed ladies. Mrs. Robinson, gossip says, was hostess. It is alleged that the guests, with the exception of Mrs. Brown, who says she hails from Bakersfield, were all from here. Mrs. Robinson claims to be the wife of Archibald Robinson, the so-called 'Honest Man' trading on Front street."

When the editor read the report a whirling mass claiming to be the reporter, was projected through a window and struck the sidewalk with a dull thud—Struthmore Standard.

Procure tombola tickets now. The number is limited. Articles on display week of November 17th.

E. G. ("Spikie") Mackenzie and wife, of Montreal, were guests for a couple of days last week at the Greenhill hotel. Mr. Mackenzie is secretary of the Canadian Institute of Mining and Metallurgy and is very well known throughout the mining districts of Canada.

Blairmore's application for admission into the South Alberta Hockey League was tabled for one year, but the league has granted permission to all clubs to play one exhibition game with Blairmore, in the event that the Crows' Next Pass League does not function.

FORMER COLEMAN PARISH PRIEST LOSES MOTHER

As we go to press we learn that Mrs. McCormick, mother of Rev. Father McCormick, formerly of Coleman, but lately parish priest at Okotoks and Turner Valley, had passed away at the old home in Alexandria, Ontario.

Father McCormick was called east several weeks ago, and was present when death called his mother to her eternal reward. Mrs. McCormick was aged in the eighties.

PINCHER OLD TIMER PASSES

Another of the old timers of the Pincher Creek district passed on to his reward on Saturday last in the person of Germaine Hubert Dionne, who died suddenly.

The deceased was 51 years of age. He was born in St. David, Madawaska county, Maine, and came to Pincher Creek in 1893. He ranched for some time and then entered the store of Label and Kettles company, where he worked until the company dissolved partnership. Since then he has been in the stock business. In 1917 Mr. Dionne was made sheriff and has held the office since.

The deceased was well known throughout this district. The funeral was largely attended and masses of flowers attested the high esteem in which he was held.

The chief mourners are Mrs. Dionne and their only son Regis, who arrived on Monday from Edmonton where he is taking his third year in engineering and geology in the University of Alberta. These have the deep sympathy of all in the community.

Funeral took place on Tuesday, the remains being laid to rest in the Catholic cemetery at Pincher Creek.

TWO CHILDREN DROWN IN NORTH FORK RIVER

The sympathy of the entire district goes out to Mr. and Mrs. Dennis Foley, of the North Fork, whose only two children, a boy and girl, aged four and six years, were drowned in the river in front of the home on Sunday afternoon last.

It was probably a couple of hours after the tragedy had occurred that the parents began to wonder as to the whereabouts of the little tots. When found, both were dead.

Funeral took place on Tuesday, the remains being laid to rest in the Livestone cemetery.

INSTITUTE OF MANUAL TRAINING AND HOME ART

The following classes are offered this winter, and will be conducted if sufficient enroll. An entrance fee of \$1.00 will be charged for all classes. Apply at once to Rev. J. W. Smith.

1. Manual training, 1st year—General principles of woodwork, coping saw work, puzzle making, use of tools.
2. Manual training, 2nd year—Fitting and joining simple useful articles, model making.
3. English for new Canadians.
4. Jesso-art-craft.

These classes are open to any boy or girl or citizen of Blairmore.

An auction sale of horses, farm implements, furniture, etc., will be conducted by H. D. Gerry at the Fir Grove Ranch, four miles southwest of Lundbreck, on Friday next, November 15th. See bills for further particulars.

ARMISTICE DAY

All ex-service men are urgently requested to meet at the clubhouse on Monday morning Nov. 11th, at 10.30, and parade to the annual Thanksgiving-Armistice Services at the Orpheum Theatre.

Recipe for Bliss

A real estate man of West Texas had just finished describing the glorious opportunities of that part of the country. "All west Texas needs to become the garden spot of the world is good people and water," he said. "Hub," replied the prospect "That's all hell needs."

The teacher was reading an account of the battle of Bannockburn. "And when the English saw the new army on the hill behind, their spirits dampened," he read. "Now, what in heaven's name dampened their spirits?" he asked me bright lad. "Pittin' water in their Whusky," came the prompt reply.

Over fifty million packages are sold each year.

TEA

'Fresh from the gardens'

Canada Among the Nations

Canadians of all classes can hardly fail to feel a thrilling pride in the rapid strides forward made by their Dominion in the realm of international affairs. Since that fateful day in 1914, when the world was plunged into war, and Canada at once, and without the slightest hesitation, took its place in the front rank of the Allied hosts, the growth of this country in world estimation and influence, has been one of the remarkable features of the international situation.

Hardly a year has passed without witnessing some new advance step taken, or some noteworthy achievement added to the record, revealing Canada's new and higher status in the councils of the nations.

Concisely, but eloquently, Sir Robert Borden outlined the Dominion's growth in international stature within the short space of the last two years in a memorandum prepared and submitted by him to the Institute of Pacific Relations now in session at Kyoto, Japan. Since 1927, when the Institute last assembled, Canada had adhered to the multilateral pact for the renunciation of war, has given adherence to the optional clause in the statutes of the Permanent Court of International Justice, has exchanged ministers with France and Japan.

Canada, too, has aligned itself wholeheartedly with Premier Ramsay MacDonald and President Hoover in their effort to promote mutual understanding and goodwill between all sections of the English-speaking world, thus paving the way for a larger measure of world disarmament, and making an immensely important advance toward the goal of permanent world peace.

Nor has Canada confined its efforts to the signing of treaties and the making of gestures. When the unfortunate incident of the "Tm Alo" arose—a happening which in days gone by might have precipitated almost immediate war, and certainly a feeling of hostility containing the seeds of future trouble, Canada kept cool, and through the medium of diplomatic correspondence between Ottawa and Washington, a basis of arbitration was quickly and mutually arranged to the satisfaction of both nations. Speaking of this correspondence, Sir Robert says:

"The diplomatic correspondence on the subject between Canada and the United States is admirable in tone, and the questions of fact and law presented are set out lucidly and temperately on each side."

In the Assembly and Council of the League of Nations, Canada's voice is always heard in support of all measures calculated to make for peace. This Dominion is a real leader at Geneva in all efforts to promote international understanding and goodwill, and in the devising of ways and means to remove causes of suspicion and irritation.

Co-incident with the rise of Canada as a factor in international affairs, the foreign trade of the Dominion has increased by leaps and bounds until now this country can boast of the second largest world trade per head of population. Canada's ministers at Washington, Paris and Tokio, are reinforced in this work of creating international goodwill and prestige for Canada by a large and steadily increasing number of trade commissioners in all parts of the globe.

Canada's strong position can be made stronger through the united sympathy and effort of the Canadian people. Sir Robert Borden, while voicing unqualified praise of the anti-war pact, declared that the peace of the world cannot be secured by treaties alone, nor can it be maintained by force. "The same foundation which assures ordered liberty and justice in a modern civilized state must be created on an international scale if peace is to endure."

The education and idealism of the people, their inherited respect for law, and their determination to maintain order and justice against crime and lawlessness," Sir Robert said, "are the real foundations upon which stable government rests. In the world there must be an international public opinion upon which will be established between the nations the entrenchment of public right and justice."

Canada, no less than other countries, has everything to gain through the development of such an international public opinion. Only by the maintenance of peace can Canada's great foreign trade continue to prosper and grow. The development of an international public opinion must begin within each national unit and spread through the whole body of humanity.

Canada has that international viewpoint. It is growing stronger, and every true Canadian will exert himself or herself to foster it. It is one of the greatest things in the nation and in the world today.

Commands Atlantic Liner

Ronald Stuart Was First Canadian To Win the Victoria Cross in British Navy

At least one Canadian holder of the coveted Victoria Cross "worked his way" to England for the Prince of Wales' dinner on Nov. 9, and none can deny that he earned his passage. This is Commander Ronald Stuart, V.C., captain of the Canadian Pacific liner, "Duchess of York," the first Canadian to win the Victoria Cross in the British Navy.

Commander Stuart brought the C.P.R. steamer "Princess Elaine" to the Pacific coast on her maiden voyage last year and was later elevated to command of the crack Atlantic liner which he now sails.

Mother—"Shall we invite the boy next door to your birthday party?" Little Lottie—"I don't think so—he's a good nobody like him."

WHAT WILL IT DO?

Women are saying: "Pinkham's Compound keeps me fit to do my work." "I was nervous and all run down. Now I eat better and sleep better—!" "It helped my thirteen year old daughter."—"I took it before and after my baby was born."—"I am gaining every day."

Lydia E. Pinkham's Vegetable Compound

W. N. U. 1810

Safer To Stand Up

Muscolini Had Amazing Experience As Theatre In Italy

You don't have to believe this, but a gentleman returned from abroad says that an American girl studying Italy went into a moving-picture theatre and suddenly realized that she was sitting just behind none other than Il Duce Mussolini himself. His visit was inconspicuous, and successfully so, for no one recognized him in the half light of the cinema. He was enjoying everything hugely until, in the midst of a new scene, a portrait of himself in heroic pose was thrown on the screen. The spectators of course, all arose, cheering wildly, all save Mussolini himself, who sat through the demonstration, adorning. He had been, obviously, a rather nice point—whether to stand up and risk being recognized honoring himself, or to remain modestly seated. After the excitement was over an old Italian lady who had the seat next him leaned over and said: "Signor, that's how we all feel, but it's safer to stand up."

NERVE TORTURES

A Condition From Which Both Men and Women Suffer

Hardly any condition of ill health causes more real suffering, than shattered nervous system. And often, unfortunately, but little sympathy is shown for the sufferer, from the mistaken notion that the nerves can be controlled. Men and women with nerves out of gear often become irritable and are blamed for their poor health in the cause. The tired, over-hasty wife and mother, whose household cares have worn her thin; the breadwinner whose anxieties have worried him until he is really ill, are among the nerve sufferers who become run-down. Their nerves, like all bodily organs, need rich, red blood. In all such cases the best and simplest treatment is a course of Dr. Williams' Pink Pills, which enriches the blood and builds up the nervous system and brings good health and cheerfulness. Mrs. M. C. Cross, Richmond, Que., tells how this medicine ended her nervous troubles. She says: "I have suffered from nervousness and dizzy spells, and the hundred and one things which in such a condition make life a misery. The first thing I found to help me was Dr. Williams' Pink Pills. Under the use of this medicine I found my nerves grew steadier, the dizzy spells grew less frequent, and I became brighter and more cheerful. I took the pills for some time and found that they enrich the blood, build up the nerves and are a life-saver for both old and young."

You can get these pills through any medicine dealer, or by mail at 50c. a box from Dr. Williams' Medicine Co., Brockville, Ont.

Demonstrates New Serum

Young Military Doctor Discovers Substitute For Blood Transfusion

The efficacy of a new serum, which is said to be a blood transfusion, was demonstrated at the Pean Hospital, Paris, where the life of a motor-cyclist was saved after he had been badly hurt in an accident. The serum is the discovery of a young military doctor attached to a branch of the Pasteur Institute, in Hanoi, Indo-China.

Before the serum was tried on human beings, experiments were conducted in Paris at the Pasteur Institute. The serum was injected into a dog from which most of the blood had been drained, and the animal immediately revived and took food. The motorcyclist was successfully treated when he had already lost two quarts of blood.

Persian Balm is alluringly fragrant. Adds a charming refinement to the most finished appearance. Creates and preserves complexions of surpassing loveliness and texture. Softens and whitens the hands. Cools and dispels all irritation caused by weather conditions. Swiftly absorbed by the tissues leaving never a vestige of stickiness. A perfect toilet requisite. Invaluable to all women who care for elegance and distinction.

The Union of South Africa, in 1921, had a white population of 1,500,000 against 5,000,000 blacks.

American Tribute To Ramsay, MacDonald

New York Paper Makes Kindly Reference To His Sincerity Of Purpose

Though he modestly puts away the personal aspect of it, it has been a distinct triumph for Ramsay MacDonald, the man. His bearing has been perfect. Not one slip in act or speech did he make, while he has been. Deeply impressive has been his abiding sense of the high mission on which he came, and which he hopes will lead to all-embracing benefits throughout the entire world. His eloquence has been that of elevation of mind and nobility of purpose. On divers strings he has sounded the one clear note of a passion to secure established peace on earth through every reasonable and honorable means. Such speaking as his, coming to a climax as it did in his magnificent address on Friday night, has seldom been heard in any country from the lips of a citizen of another—New York Times.

New Grain Loading System

New and Improved System To Be Put In Operation At Montreal

A new and improved system of grain loading will shortly be in operation in the Port of Montreal. The first of two mechanical grain loaders is being erected on shed 9, one of the berths allotted to the Canadian Pacific Steamships, and the second will be set up shortly afterwards. It is expected that further improvements along this line will be part of the full building programme.

All Night With Asthma. Everyone knows how attacks of asthma often keep their victim awake the whole night. The remedy is simple and wholly untried for a day of business, and yet, business must still be carried through. All this night suffering and lack of rest can be avoided by the prompt use of Dr. J. D. Kellogg's Asthma. It is a simple, positively does drive away the attacks.

Recipes For This Week

(By Betty Barclay)

VEGETABLE SOUFFLE

- 1 cup left-over vegetables.
- 1 tablespoon flour.
- 1 tablespoon butter.
- 1 teaspoon sugar.
- ½ cup milk.
- 2 eggs.
- Salt.
- Pepper.

Add the flour to the butter which has been melted in a saucepan, and blend until smooth. Add the water slowly, while stirring to keep smooth. Cook one minute, stirring constantly. Then add the milk. Pour the mixture over the eggs which have been beaten until light, and to which have been added sugar, salt and pepper. Add mixture to the vegetables which have been placed in buttered baking dish. Bake in slow oven until souffle is set—about 40 minutes.

LEMON CATSUP

- Grated rind of 4 lemons.
- Juice of 4 lemons.
- 1 tablespoon grated horseradish.
- 1 teaspoon salt.
- 2 teaspoons white mustard seed.
- 2 teaspoons celery seed.
- 4 cloves.
- Few blades mace.
- Few grains red pepper.

Mix ingredients; "boil thirty-five minutes, and bottle while hot. Let stand five or six weeks to ripen. Serve with fish.

Another thing that the world needs is an alarm clock which will come right back and ring again after you shut it off in the morning.

Feet Sore? Use Minard's Liniment.

Cost Of Keeping Clean

Ten Cents Of Every Dollar Goes Toward Banishing Dirt Says Statistician

Ten cents of every dollar spent by the average American family is for the purpose of keeping clean, a survey of this little discussed phase of daily life by Ronald Millar, New York statistician, shows.

Based on calculations upon a family of four, Millar, in The American Magazine, estimates that \$1,000 a year is the least price of cleanliness that can be quoted. Of this amount \$469.55 is the minimum yearly total for personal and household cleanliness; \$485 for the services of cleaners whether employed directly or indirectly, and \$72.90 for civic cleanliness.

In personal household cleanliness the statistician includes soap, polishes, shaving equipment and materials, hot water for washing or bathing, haircuts for husband only, toothbrushes and dentifrices, handkerchiefs, towels, linen and power or up-keep for whatever cleaning device that may be used. The housewife is granted, under the second group, 85 cents an hour at the rate of two hours a day for 300 days in the year. Whether or not she receives any actual pay, the work is still chargeable since it is time which any woman might employ for cash profit. Likewise, says Millar, the cleaning of railway cars, automobiles and even the grooming of 19,000,000 horses that still exist in this country, ultimately becomes a charge upon the individual.

"Food and shelter lead in the cost of living," says Millar, "but the cost of cleanliness is higher than that of clothes, education, amusements, owning an automobile and many other things that figure more prominently in the household budget."

An Oil For All Men.—The sailor, the soldier, the fisherman, the lumberman, the out-door laborer and all who are exposed to injury and the elements will find in Dr. Thomas' Electric Oil a true and faithful friend. To ease pain, relieve colds, dress wounds, subdue humors and overcome rheumatism, it is excellent. Therefore, it should have a place in all home medicine cabinets and be amongst those taken on a journey.

The City Of Parks

The Moose Jaw Optimist—organ of the young men's section of the Board of Trade, has awarded to the thriving town in question the title of "The City of Parks," and mentions, incidentally, that there were 40,000 visitors to the Moose Jaw Animal Park since May, not including the 5,000 present at the Indian Pageant.

Minard's Liniment relieves stiffness.

Watch the Lanterns

The Farmer's Advocate says: As the day shortens the lanterns come into use in choring, night and morning. Plenty of hooks should be provided, and wires as well, along which the lantern may slide. Carelessness with the lantern has resulted in many disastrous fires."

Noted Western Writer Passes

Mrs. Charlotte Gordon, Of Calgary, Was Distinguished Author

Mrs. Charlotte Isabel Gordon, known throughout Canada, by her pen-name, Charlotte Gordon, died recently at her home in Calgary, following an illness of one month.

Mrs. Gordon, who was the wife of A. J. Gordon, was one of Calgary's best known women writers, for besides the fame which came from the publication of her novel, "Red Gold," she was equally noted for her many magazine and newspaper feature articles. Last July she had the distinction of representing the Alberta branches of the Canadian Authors' Association at the annual convention of that organization in Fredericton, N.B., and the choice was a popular one, as in both the C.A.A. and the Women's Press Club, of which she was also a member, she was known as an ardent worker.

Deceased was the only daughter of Mr. and Mrs. James Melvin Toombs, who now resides at Vancouver, and went to school at Stonewall, Man., where her father was the editor of a newspaper. She married Mr. Gordon when he was living at Carman, Manitoba, and soon afterwards they moved to Vancouver, later coming to Calgary to reside in 1917.

No surgical operation is necessary in removing corns if Holloway's Corn Remover be used.

"Made In Turkey" Week
Owing to the success of the first exhibition in Constantinople of Turkish national products, it has been decided to fix a week in August every year and to exhibit and sell only articles produced in Turkey.

LIQUOR CONTROL FAVORED BY VOTE IN NOVA SCOTIA

Halifax.—In a plebiscite on the liquor question the number of Nova Scotia voters who expressed a preference for government control and sale exceeded by more than 20,000 the number of those who indicated their desire that the present prohibition law be kept.

Both Dr. H. R. Grant, leader of the prohibition forces, and J. H. Winfield, leading the government control campaign, interpreted the figures as indicative of the defeat of the prohibition law.

Two questions were before the voters but thousands voted on only one. The questions were whether the prohibition law, known as the Nova Scotia temperance act, should be continued or whether a system of government sale should be set up.

With only 46 small polls unheard from out of a total of 1,137, the figures were:

For the temperance act, 61,672. Against, 56,024.

For government control, 99,757. Against, 41,480.

The vote will be interpreted officially by the government.

Premier E. N. Rhodes said he would wait for more complete information before making a statement.

Only Nova Scotia and Prince Edward Island of the provinces of Canada now have prohibition laws.

Upholds Alberta Court Ruling

Privy Council Says Certain Victory Bonds Liable To Death Duties

London, Eng.—The judicial committee of the privy council dismissed with costs the appeal of the Royal Trust Company against the government of the province of Alberta.

The decision upholds an Alberta court ruling that succession duty is payable on certain Victory Bonds, portion of the estate of the late Wm. Hull, both bonds being "legally situated" within the province of Alberta.

The ruling is important as establishing liability of Dominion government bonds to succession duties taxation and it is understood the province of Alberta is a large financial gainer by the ruling.

H. P. McMillan, K.C. of London, and Attorney-General Hon. J. F. Lymburn of Alberta, represented the province and Geoffrey Lawrence, K.C. of London, and H. G. Noel, of Calgary acted for the trust company.

Lipton Building New Yacht

Shamrock V, Being Constructed Under New York Club Rules

London, Eng.—The keel of Sir Thomas Lipton's new challenger for the American Yacht Cup, Shamrock V, was laid at the Camper and Nicholson's yard at Gosport without ceremony.

Sir Thomas was not present. The yacht will be built to a 76-foot rating under the New York Club rules and will be fitted with a motor. The rig will be the same as that of the defender of the cup, thus promising a stirring contest for supremacy.

Fort William's Founder Dead

William F. McKellar Came To Lake Head In 1828

Fort William, Ont.—Founder of the city of Fort William, Peter McKellar, is dead, at the age of 91 years. He was the last of the McKellar brothers who came to the lake head 60 years ago and formed the nucleus of the first settlement. McKellar was the first to discover gold, silver, copper, iron and lead in the Fort William area. He was a member of London and American Geological Societies.

New Liner Near Completion

London, Eng.—It is announced that the "Empress of Japan," the new 25,000 ton oil burner liner now building by the Fairchild Shipbuilding Company, Ltd., Scotland, will be launched on December 17 by Mrs. E. R. Peacock, wife of E. R. Peacock, director of the Canadian Pacific Railway. The "Empress of Japan" is to be placed on the Pacific service of the Canadian Pacific between Vancouver, Japan and China.

Fire Causes Serious Loss

Winnipeg.—Fire destroyed the large cattle barn at the Manitoba Agricultural College and tons of hay stored in the loft of the building. The loss is estimated at \$35,000.

W. N. U. 1310

Writ Has Been Issued

General Higgins Asks Transfer Of Salvation Army Property

London, Eng.—A writ on behalf of General Higgins, the new commander-in-chief of the Salvation Army, asking for transfer to himself, of property now held in the names of the executors of the late General Bramwell Booth has been issued.

The writ was served immediately on General Booth's executors, Mrs. Booth, Commissioner Catherine Booth, his daughter and a solicitor, South. The situation at present is that while all property of the army in Great Britain is controlled by General Higgins, its ownership remains in the hands of General Booth's executors.

An All-Canadian Menu

Food From Every Province Will Be Feature At Winter Fair

Ottawa.—A menu featuring foods gathered from coast to coast will be a feature, arranged by the agriculture department for the opening of the National Winter Fair at Toronto, on November 20.

There will be oysters from Prince Edward Island, fish from Nova Scotia, maple syrup from Quebec, beef from the west, fruit from Ontario and British Columbia, a little something from each and every province to suit the epicurean tastes of the cattlemen.

Will Erect Modern Elevators For Crop

France To Have Up-To-Date Facilities For Handling Wheat

Coulommiers, France.—France is to have a modern system of grain elevators. Strange as it may seem, there are but few elevators in France, and most of those that are modern are at the ports.

France's wheat crop is stored rather haphazardly. Jean Hennessy, Minister of Agriculture, told a congress of farmers here that the government would help to build enough up-to-date elevators to handle 30,000 bushels, a tenth of this year's harvest.

Plan Pacific Air Liners

Monster Dirigibles To Operate Between California and the Philippines

Akron, Ohio.—Two monster dirigibles, the largest in the world, are to be constructed and placed in regular operation between Southern California and the Philippines, in 1933, by the Pacific Zeppelin Transport Co., according to Paul W. Litchfield, chairman of the board. The Pacific liners will carry 30 passengers and ten tons of mail, express and freight. They will cut in half the crossing time now made by the fastest boats.

Canadians Are Defined

Dominion Statistician Settles Controversy Of Long Standing

Ottawa, Ont.—Every one of Canadian nationality is a Canadian; every one born in the Dominion is of Canadian birth; and every one whose family has been of three generations' residence or more in Canada is a Canadian "in a special sense" according to a report issued by R. H. Coates, Dominion statistician. The report would seem to settle a controversy of long duration as to just what constitutes "a Canadian."

New Position For Dr. Gunn

Victoria.—Dr. W. R. Gunn, at present identified with the health of animal section of the Federal Department of Agriculture with headquarters in Toronto, has been appointed livestock commissioner for British Columbia, according to announcement of the provincial minister of agriculture, Hon. W. A. Lindsay. Dr. Gunn will assume his new duties on December 1.

Leaves Wheat Pool

Winnipeg.—E. R. Ramsey officially leaves the post of general manager of the Canadian Co-operative Wheat Producers and takes over the chairmanship of the Board of Railway Commissioners. No successor to Mr. Ramsey has been appointed. He will continue to act in an advisory capacity on any matters which have come up during his tenure of office.

Dunning Will Come West

Ottawa, Ont.—Hon. Charles Dunning, Minister of Railways, will join Premier Mackenzie King on the latter part of his western tour and return with him to Ottawa. Mr. Dunning will meet Mr. King at Regina, when the prime minister is returning, and will be present at various meetings held on the seaward journey.

VICTORY FOR FERGUSON FORCES IN ONTARIO

Toronto.—Premier G. Howard Ferguson, with his Conservative government intact and a greatly increased array of supporters, is now more solidly entrenched as the dominant political force in the province of Ontario.

Their ranks shattered by the defeats inflicted by the Conservatives in rural strongholds they regarded as invulnerable, only a corporal's guard of opposition strength will face the government when the legislative assembly, the 18th in the history of the province, convenes to enact the legislation for a greater Ontario, on which Premier Ferguson based his appeal to the people.

In giving the Ferguson government a mandate to administer the affairs for a third successive term, the people of Ontario gave the administration the strongest legislative representation ever accorded a government in the province.

The sweeping victory which exceeded the hopes of the most optimistic government supporters was a ringing answer to the prime minister's declaration that he was willing to stake his political life on the government's policy of control and sale of liquor by the government—the issue on which he was returned to power in the 1928 general election.

The standing as compared with the 1928 election follows:

Party	1928	1928
Conservatives	93	77
Liberals	9	21
Progressives	3	11
U. F. O.	1	13
Lib. Conservatives	1	0
Liberal-Progressives	1	0
Deferred	1	0
Doubtful	3	0

Total 112 112

The landslide that swept the Ferguson government into power with at least 93 supporters in a house of 112 members carried down to defeat with it J. G. Leithbridge, the 74-year-old Progressive party leader who waged a hard fight in West Middlesex, which he had represented since 1919. He lost the seat in a three-cornered contest to Dr. L. W. Frede, the Conservative candidate by the slim majority of 39 votes.

W. E. N. Sinclair, K.C., the Liberal leader, saw his forces, which numbered 21 in the last house, dwindle to nine. He was re-elected in Ontario South, but his majority of more than 2,000 in the 1928 election was cut down to a bare 1,000.

Submarine Sets Depth Mark

Spezia, Italy.—The Italian submarine "Tito Spert," 830 tons, submerged to the extraordinary depth of 343 feet in tests and remained there 20 minutes. Experimental hydro-phonetic communication was carried on from the depth with the submarine "Sefeca" on the surface.

Favorite Star Goes C.P.R.

Travelling from Winnipeg to Montreal by Imperial Limited, crack Canadian Pacific flyer, Charles Moore, smiling Irish actress, opened her eyes to more than average vicissitudes as she got her first glimpse of the prairies and the East from the luxurious compartment of a Canadian Pacific train de luxe. She told interviewers that she had been in a condition of amazement all through her trip and the word "wonderful" was continually on her lips. She is shown here stepping from the train at the Windsor Street station, Montreal, just before receiving an ovation from her countless admirers who gathered at the depot and later at the theatre where she appeared in person.

FAMOUS WOMAN EXPLORER

Lady Richmond Brown, distinguished woman explorer, who has arrived in New York from England. In January she leaves for the wilds again, at the head of an American-Indian expedition, with which Mr. M. Mitchell-Hodges, famous explorer, will be connected. She was with Mr. Hodges when his party discovered the Chuganque Indians in a hitherto totally unknown part of Panama.

Edmonton Students Hear Unusual Lecture

Former German Officer Gives Address At Edmonton Military Academy

Edmonton, Alta.—With a former commander in the Imperial German army relating his own experiences in the battle of Jutland, famous naval encounter of the world war, the Edmonton military academy heard an unusual lecture here.

Erich Allewald, who fought as a German officer in all the major naval engagements of the war, and to whose address the academy listeners came to Alberta two years ago, and is now a progressive farmer in the Brighton district.

Albertian Wins Hugo Sum

Quebec.—George Kowalchuk, of Hackett, Alberta, and James Westcott, of Springfield, Mass., won the first two prizes each amounting to \$79,399.50 in the Army and Navy "Veteran" sweepstakes, on the Cambridgebridge race at Newmarket, England. The sweep was arranged so that each horse was drawn by two ticket holders. Both of these men drew Double Life.

Arab Boycott In Jerusalem

Jerusalem.—Two hundred Jewish shopkeepers of the old city submitted a memorandum to the high commissioner, Sir John Chancellor, declaring that an organized Arab boycott of Jews was still going on. Arab pickets were said to be watching the entrance of Jewish shops destroying all goods purchased there by Arabs.

May Abolish Capital Punishment

Question Is Now An Issue In British House Of Commons

London, Eng.—The House of Commons adopted an amendment for appointment of a committee to report on the possibility of abolition of capital punishment.

When debate opened on a private member's resolution for abolition of the death penalty, Right Hon. John R. Clynes, secretary for home affairs, expressed government sympathy with the idea, but said the question of an alternative to such punishment was the rock on which all projects for abolition had split.

He agreed with the amendment finally adopted for study of the matter, which he hoped might lead to some practical result. In the course of the discussion Lady Astor expressed her disappointment in the attitude of the minister. She had broken a ten-year custom earlier today by appearing at the afternoon session without a hat as most of the other women have done regularly.

Solved His Problem

Immigrant Out Of Work Breaks Window To Get Jail Term

Saskatoon, Sask.—Falling in his search for employment during the past month and being without friends in the country, Joseph G. Jackson, immigrant, solved his part of the unemployment problem by "throwing" a brick through the plate glass window of the government liquor store on Third Avenue.

The crash of the glass evidently went unnoticed at the time so Jackson hunted up a sergeant of the police and told his story, and was taken to the cells. In police court he admitted his guilt and stated that he fully expected to go to jail, and was not disappointed for Magistrate Brown sentenced him to six months in Prince Albert.

Received News By Radio

And V.C. Holder In Isolated Settlement Will Attend Prince's Dinner

Winnipeg.—Word of the Prince of Wales' dinner to be given November 9, in honor of all those who won the Victoria Cross, trickled into a little settlement 100 miles from Salmon Arm, B.C., recently. Major J. McGregor, stationed at the little settlement, received the news over the radio.

Major McGregor, whose valor on the field of battle while serving with the 2nd Canadian Tifles, earned him the V.C., lost no time in setting out on a hurried trip to New York from where he sailed on the S.S. Olympic for London. He raced 100 miles by auto to the Victoria station at Salmon Arm, where he arrived only fifteen minutes before his train left.

DOMINION STATUS FOR INDIA WILL BE CONSIDERED

London, Eng.—A London newspaper published what purports to be a summary of the report of the Indian central committee, appointed under Sir Nankaran Malir, from members of the Indian legislature, to work in co-operation with the Simon commission on statutory reform. The commission has concluded its work after a month in London, and is ready to submit a unanimous report to the viceroy of India, with whom lies discretion regarding publication. The newspaper report, however, suggests the committee practically recommends something like Dominion status for India and full autonomy for the provinces.

The newspaper continues that the report recommends formation of an Indian privy council under the chairmanship of the viceroy. It demands that the Indian parliament, be given greater control of the army votes, and expresses the opinion that India, if left free, would desire to recruit its police service from England, but that India would be able to maintain her own judicial service.

Delhi, India.—Viceroy Lord Leroy was said today to intend to issue a proclamation which will deal with the question of Dominion status for India, and announce the summoning of a conference in London to discuss the future constitutional development of India.

It was assumed that pending the decision of the British government in regard to recommendations that may be made by the Simon commission, the proclamation would make no distinction, promise that will indicate the policy of Great Britain.

CANADA OFF GOLD STANDARD FOR SOME MONTHS

Montreal.—The Montreal Star says that "because of the stringency which has existed in Canada for money and in order to protect Canada's position Canada has been unofficially off the gold standard for the past six months. At the verbal request of the Minister of Finance, the banks have refrained from shipping gold, although Canada's money has been at a discount which made it profitable to ship gold to New York.

"Although the condition has been in existence for some time it was not generally known that the finance minister of the Dominion had taken the step which investigation now shows that he had. The situation is one which is regarded as being extremely acute although it is believed that the condition will right itself in the ordinary course of events.

"In acting as he did, the finance minister was assuming unusual powers for the purpose. Although the practice was to ship gold under the circumstances, Ottawa acted in order that the gold situation of the country might be maintained during a period of abnormal strain.

"The situation is one which is regarded by financiers and economists alike as being extremely acute and conclusive should not be arrived at hastily. When the move was made to place an embargo upon gold, some six months ago, Canadian banking officials were frightened by the prospect of private manipulators using American money and demanding gold of the Canadian government.

"The entire financial structure of the Dominion would have been gravely endangered if the finance minister had been placed in the position where he would have been forced to refuse gold in redemption of Dominion currency. The huge profits which could have been made by the transfer of gold have been disregarded by those who are in a position to take advantage of the situation.

"The normal results of the crash in the New York Stock Exchange and other exchanges throughout the world will bring about an alleviation of the condition in New York. The drastic reduction expected in funds on call in New York will be one of the main factors in bringing about a substantial betterment in the Canadian gold," the paper concludes.

Destroyers Ordered To China

U.S. Division Intended To Remain At Manila Several Months

Manila.—Orders despatching the 45th destroyer division immediately to Chinese waters, "in view of a possible need there," were received at Manila, where the fleet was.

The destroyers sailed here recently for the navy day celebration, and had apparently intended remaining for some months.

Naval officials were reluctant to discuss the order returning the destroyer fleet to China, whence it had just returned.

Is Protecting Employees

Chairman Of Chicago Firm Guarantees Stock Market Account

Chicago, Ill.—In a copyrighted article, the Herald Examiner said that Julius Rosenwald, chairman of the Board of Sears-Robinson and Company, has guaranteed the stock market accounts of the more than 40,000 employees of the company.

He has pledged his personal fortune of millions of dollars to prevent any employee facing the danger of having his savings swept away, the story said.

Terminal Bins Again Full

Winnipeg.—By a forward bound of one-third of a million bushels in 24 hours, grain storage at the head of the lakes, on Oct. 30, stood at a new high mark for the season. A total of 75,407,000 bushels were packed into the high-piled bins—200,000 bushels more than at any time since the movement of 1929 grains began.

Russians Condemned To Death

Moscow.—According to despatches of the Tass News Agency, twelve Russians were condemned to death in various parts of the country for crimes that ranged from murder and arson to anti-Soviet agitation. They included two priests, one Mullah and four rich peasants.

Act May Be Amended

Ottawa.—The next session of parliament may see amendments to the insurance act covering the investments of the Dominion and the common stocks. It was learned here.

THE MOTOR HONKING PEST

A youth sat in an automobile by the curb the other evening in Toronto, honking and honking like a goose—only more raucously—for his best girl to come out. Perhaps she resented this unmannerly way of ordering her to come hither with all speed, for the youth honked on.

At last a gentle hand came through the window on the left side. Lovingly

it went around his shoulder. When he youth looked up with face aglow, he gazed into the clear blue eyes of a motor cop whom the neighbors had sent for. The cop took his name and address and in the court next day a kindly magistrate fined him for disturbing the peace.

Unnecessary honking of horns is a nuisance. After a flapper gets over the callow thrill of letting the neighbors know that a sheik with a car is calling for her, this honking outside the loved one's window is an ill-mannered business. It is a way of publicly hawking out the laggard one. Unfortunately it is done at the price of annoying innocent neighbors. A much more gentlemanly way would be to throw a brick through her window as a hint that her Lochlavar is waiting and that 35-cent gas costs money. The annoyance, if any, would be limited to the culprit.

Some cities have passed a bylaw making it an offence to sound a motor horn while a car is stationary. This

Subject "Let us forget"

quiets the post who is too tired or haughty to walk from his car to the front door bell. But more can be done by motorists recognizing that to all except the driver, a motor horn is a disturbing sound and should not be sounded except for real emergency.

Even in traffic there is much less need for sounding horns than most people think. One driver who drove several hours a day through traffic in a city very many times larger, and busier than Regina, on a test did not sound his horn more than six times in as many months. So much has city noise beaten itself into the consciousness of the American public that a movement is now afoot in the United States to have the federal government enact a measure to suppress unnecessary noises in the cities.

"Where did the truck hit the complainant?" asked the defendant's attorney of the attending physician at the damage trial.

"He was struck at the junction of the dorsal and cervical vertebrae," the doctor replied.

Jim Swanson arose from his seat in the jury box and addressed the Court: "Wait a minute, Yer Honor—I've lived in this country'nigh over twenty year. I know every cross-roads for miles around, but I hain't never heerd of no such place as that. I think the case is a frame-up."

COWLEY HAPPENINGS

Mrs. Cowin has gone to Calgary to consult a physician in regard to her health.

The two children of Mr. and Mrs. Dennis Foley, girl and boy aged four and six years, who were drowned in the North Fork river on Sunday, were buried in the Livingstone cemetery on Tuesday. Deepest sympathy is extended to the bereaved parents.

A Halloween party was staged in the I. O. O. F. hall here on Thursday evening for the school children, when games, recitations, music and dancing was indulged in. Many comic and fancy costumes were worn by the merry makers. Prizes were won as follows: best comic, Edith Murphy; best fancy costumes, Dorothy Stains; by apt Jack Bunly. Other minor prizes were won in game contests.

A farewell party was given by the local Masons in honor of Mr. and Mrs. James Edwards, who, after making their home here for the past fifteen years, are leaving for Missouri, where they will live in future, and Mr. W. Brown, who also has resided here for a number of years, and who is leaving shortly for his old home in England, where he intends remaining. The evening passed quickly, cards being the chief amusement. The prizes at cards were won in the following manner: ladies' first, Miss Fairlaugh; second, Mrs. D. Smith; gent's first, Mr. Mundie; second, Robert Littleton. An appetizing luncheon was had from nicely spread tables, after which Mr. D. Smith, master of ceremonies, made the following presentation: to Mr. and Mrs. Edwards a handsome chest of silver, and to Mr. Brown a fountain pen. After supper, dancing was indulged in for a couple of hours. Among the guests were: Mr. and Mrs. Edwards and Mr. Brown, guests of honor; Mr. and Mrs. Arthur Denmore, Mr. Jack Welsh, Mr. and Mrs. D. Smith, Mr. and Mrs. Bert Connelly, Mr. and Mrs. Murphy, Mr. Swart, Mr. and Mrs. Robert Littleton, Mr. Leigh, Mr. A. Thompson, Mr. and Mrs. Betts, Mr. and Mrs. Malcolm McMillan, Mr. Jack Green, Mr. and Mrs. Mundie, Mrs. George Porter, Miss Fairlaugh and others.

A Halloween party was staged at the home of Mrs. Wilfred Porter on Tuesday night, under the auspices of the Cowley Women's Institute. Owing to weather conditions, the party was not as well attended as was expected. Snow fell heavily during the early part of the evening, continuing on into the night. On entering, all kept silent, being masked and disguised in quaint and original costumes befitting the occasion, on the alert, dodging the goblins who lurked in every corner and seemed to come from nowhere at all. Too, the shadowy forms of ghosts moving about in subdued light made the shivers creep up and down the spine. The rattle of heavy chains, the howling of wolves, the hooting of owls, the swishing of bale and other weird noises kept the inmates in awe and fear. As the evening wore on, games were played, some of which were well contested. The lucky prize winners were: Mrs. E. S. Easterbrook, Mrs. H. C. Morrison and Mrs. M. A. Murphy; while the prize for the best original costume was won by Mrs. Dr. Donald. An appetizing Halloween luncheon was enjoyed at midnight. Some of those noticed among the crowd were: Mrs. Donald, Mrs. Easterbrook, Mrs. Brockwell, Mrs. H. Leind, Mrs. L. Robertson, Mr. and Mrs. W. Fortier, Mrs. Doyle, Mr. and Mrs. James Smyth, Mr. and Mrs. A. J. Snyder, Mrs. Robert Littleton, Mrs. H. C. Morrison, Mrs. Harry Gunn, Mrs. George Porter, Mrs. M. A. Murphy, Mr. W. McKay, Cyril Easterbrook and others. Thus an evening passed, never to be forgotten by those present.

"Freddie hasn't taken a drink, or even been out for three weeks."
"Turned over a new leaf, has he?"
"No. Turned over a new car."

SHOULD PROVIDE THE JUICE

A Coal Creek miner recently got a job selling electric washing machines. On the second day at his new job he struck a home where a large family resided and asked the lady of the house if he could sell her a machine. She said that it would no doubt be useful as she had lots of washing to do, but the price was too high. Convinced that he had a good prospect he offered to demonstrate the machine next day by doing the family washing, to which the lady readily consented. Next morning bright and early he was on the job and got everything

ready to wash a perfect mountain of laundry when he discovered that there appeared to be no electrical equipment. "Where is your electricity?" he asked the lady. "Why," she said. "We haven't any, I thought you would bring it with you." The man reported for work at the mines next day.—Ferne Free Press.

Handsome Compensation

"What did father say when you told him you were going to take me away from him," "He seemed to feel his loss keenly at first, but I squared things with a good cigar."

THE NEWSPAPER LEADS

It may surprise some people to learn that more money is spent on newspaper advertising than on all other forms of publicity combined.

A recent survey in the United States provides some interesting figures in this connection.

They show the following amounts spent on the various methods of advertising in the last year.

Car Cards \$ 15,000,000
Outdoors ads 65,000,000
Farm papers 30,000,000
Business papers 100,000,000
General magazines 300,000,000
Newspaper advertising 736,000,000

These figures need little comment.

When those who are experts in merchandising methods decide that newspaper advertising is worth more than all other forms combined, the moral is plain.

The newspaper remains unchanged as the surest and most effective means of attracting public attention.

The man who has anything to sell can realize from the figures quoted just what medium is most likely to get results.

This Week's Howlers

A sculptor is a man who makes faces and busts.

The highest mountain in Switzerland is Blanc Mange.

By Magna Charla, no free man could be hanged twice for the same offence.

Sir Walter Raleigh was the first man to see the Invisible Armada.

The poll tax was paid by everybody who had a head.

Robert Bruce was a Scot who kept a performing spider.

The primate is the wife of the Prime Minister.

The Black Prince was the son of Old King Cole.—Montreal Star.

Scotch Story No. 7837

Two Scotchmen took dinner together in a restaurant. After dinner, the waiter brought the check. The two sat and talked for a couple of hours, after which conversation failed, and they merely enquired in silence. At one a.m. one of them got up and telephoned to his wife.

"Dimna wait up any longer for me, lass," he said, "It looks like a dead-lock."

"Wait a minute, girlie. Shall it be the kiss pathetic, sympathetic, graphic, paragraphic, Oriental, Occidental, intellectual, paroxysmal, quick and devilish, slow and uncuous, long and tedious, devotional, emotional, or what?"

*I WILL
that can't
be broken*

*An EXPERT
Executor
without cost*

A LIFE assurance policy is a will that needs no lawyer to explain and no judge to interpret.

It is clear, final, unbreakable.

If, instead of being paid in a lump sum, the proceeds of your policy are left with the Sun Life Assurance Company of Canada, you obtain, free of cost, the most expert fiduciary service in the world for your dependants.

Your assurance estate is conserved to meet obligations not fully matured at your death; to care for your wife; and to educate your children.

The earnings and any part of the principal can be paid over at regular designated intervals as desired.

Your modest funds are merged with those of a great corporation and share in the wonderful earnings from that Company's investments.

Your affairs can't be muddled by an incompetent neighbour executor.

NO RISK • NO WORRY • NO EXPENSE

The best way to create an estate, and the best way to conserve an estate, is by life assurance.

Consult a Sun Life representative for particulars.

AN EXPERIMENT

A pair of Russian sable and a pair of stone marten have been brought from Europe by the Ontario Department of Game and Fisheries, and placed on a provincial fur farm near Kirkfield, Ontario. The animals were brought out to determine whether they can be raised in sufficient numbers in Ontario to benefit the fur trade. The animals were accompanied on the journey to Canada by 250 Hungarian partridge, whose broods

will be used for restocking purposes in suitable locations in the province.

Just for Fun

World Cruising Damsels Wear Great Variety of Costumes

ROUND-THE-WORLD DAMSEL GIRLS

People to whom a world cruise or any other long winter voyage is an experience yet to be enjoyed may wonder what those more fortunate folk do to pass the time while they are sailing the Seven Seas. It may interest the stay-at-homes to know that the time spent on these pleasure jaunts rarely hangs heavy, for all sorts of diversions are planned for the entertainment of the globe-trotters. The bridge finds his bridge parties, the amateur photographer his camera expeditions and the dancer his dancing, but one of the most fascinating of all, to the fair sex, at least, is that of purchasing and trying on costumes typical of the various far-off lands visited. Pictured above

for instance, is a bery of beauties photographed aboard the world-cruising Canadian Pacific liner "Empress of Australia" en route from China to Japan during her 1928-29 annual round the world cruise. They are blossoming out in dazzling pajama suits which they purchased in the Orient. This collection of pseudo-Chinese maidens must have caused many a masculine heart to miss a beat or two! The other group of ladies are wearing mandarin coats acquired during an earlier trip around the world.

At practically every port of importance it is possible for passengers who are so inclined to purchase some little memento, be it a shawl, a miniature Buddha, a ring, a native doll, a walking stick or other souvenir of their travels. During a world cruise of the "Empress of Australia" several years ago a cruise member from Denver, Col., purchased a toy elephant for each member of the Denver Kiwanis Club of which he was a member and posed with his collection of pachyderms for the vessel's corps of amateur photographers. Spanish shawls, parasols and many other articles complete the list of possibilities for globe-trotters with a penchant for collecting.

The "Empress of Australia" will sail again on a globe-girdling voyage, leaving New York December 2, 1929, for a cruise of 137 days.

IN THE ESTATE OF GEORGE HERBERT ALTHAM, late of Hillcrest, Alberta, mechanic, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named deceased, who died on the 28th day of August, 1929, are required to file with the undersigned by the 30th day of November, 1929, a full statement duly verified of their claims and of any securities held by them, and that after that date the administrator will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

Dated this 7th day of November, 1929.

S. G. BANNAN,
Solicitor for the Administrator,
[27-14] Blairmore, Alberta.

Fluid-d'or BATH TABLETS

Enjoy Mineral Health Baths at home. Lines and wrinkles will not come if nerves are calm and bodies healthy. Take a gratifying home treatment of Fluid-d'or health baths. One tablet in a bath. In boxes of one dozen tablets \$1.50.

Local and General Items

The Amateur Athletic Union of Canada has appointed Mr. W. H. Chappell, of Blairmore, assistant secretary of the Alberta branch, as well as local governor. All amateur cards for the Crow's Nest Pass will be issued from Blairmore, instead of Edmonton.

Last week we received a box of candied figs, grown and preserved by Mrs. Mark Drumm near Hollywood, California. Mrs. Drumm was a former resident of Frank and states in a note accompanying the package: "Thanks for The Enterprise, coming to hand regularly. It is my one big joy."

Miss Nellie McWilliams has just received a worth-while cheque from MacLean's Magazine, she being a high prize-winner in MacLean's, Aug-92, one of the series being conducted by that well-known periodical. A new MacLean's is announced in each issue of MacLean's and they are open to Canada-wide competition. —Clareholm Local Press.

South Alberta hotel men met in conference at Lethbridge on Tuesday of this week. The convention closed with a banquet at the Hotel Marquis and a theatre party. Messrs. J. F. Smith, of the Comopolitan, Blairmore; J. A. McDonald, of the Empress, Coleman; Fred Gregory, of the Union, Hillcrest, and Albert Krywolt, of the Frank hotel, were local delegates.

All members of Crow's Nest Chapter, I. O. E., wearing their badges, are requested to meet at the home of Mrs. S. G. Bannan on Sunday next at 7 o'clock for the evening service at the United church; and are also urged to attend the annual Thanksgiving-Armistice services, in conjunction with the Canadian Legion, to be held in the Orpheum Theatre on Monday, the 11th, at 10.45 a.m.

We are asked to note a few corrections in the report of the Golf Association contained in our last week's issue, as follows: The eighteen hole

handicap competition on October the 26th, was won by Mrs. Thornton, of Hillcrest. The prize was given by Mrs. Whiteside, of Coleman. The prize won by Mrs. Greig in the elimination singles was given by Mrs. Pinkey, senior.

Where you can buy with safety: St. Anne's Bazaar, Opera House, November 27th.

Another of Bellevue's old timers passed away last week, in the person of Joseph Ellison, who had been a resident of the Bellevue district for close on twenty-five years. Mr. Ellison was gassed overseas and had been suffering ever since the Great War. He leaves to mourn his passing, his widow, Mrs. Ellison, and four children, Mrs. Clarence Woodward, Misses Irene and Iris and Ralph, all of Bellevue.

Behind the Man!

BACK of every man—back of every family—back of every home, stands the Bank—the guardian of fortunes, the counsellor and friend of those who, realizing the uncertainty of to-morrow, provide for its emergencies out of today's resources.

The Singing Fool

By HUBERT DAIL
Copyright, 1932, Warner Bros. Pictures, Inc.

SYNOPSIS

Al Stone, singing waiter at Blackie Joe's New York night club, wins fame as a composer of popular songs. He marries Molly Winton, a blind singer, and makes her famous, too. When their baby, Junior, is about two years old, Molly elopes with John Perry, Al's best friend, taking the child with her. Al learns she is at a New York hotel, ready to sail for France that afternoon. He calls her to the phone, and begs for the chance to say goodbye to Junior. Molly consents, so Junior is taken to the park entrance. It is a tragic farewell, for Al adores his boy. Junior says, "Do you feel bad, daddy?"

CHAPTER XX.

"I'm all right, Junior," said Al. "No, I don't feel bad. I'm just awfully happy to see you. I'll tell you something—you're going far away to another place on a great big boat. Take care of mother and don't let anything happen to her. Be good to her. And remember—you'll see daddy again; we must both wait for that time."

In the distance the nurse-maid was consulting the chauffeur as to the time. He looked at his watch and decided they should be getting back to the hotel. Al looked up to see the severe-faced nurse standing before him.

"I'm sorry," said Al firmly, "but it's time for the young gentleman to return to his mother."

Junior turned on her quickly. "But I don't want to go."

The nurse tried to make him, but Junior continued with baby sterness. "If you take me away so soon I won't like you."

Al rose, gathering Junior in his arms. "Shh—Junior. It isn't nurse's fault; that's what you must be a good boy, every way, every day." Then Al turned to the nurse. "I'll bring him over to the car. Will you please go on ahead?"

The nurse preceded them, while Al made that one hundred-foot walk to the car last as long as possible. Would this really be the last time he ever saw Junior? Perhaps not, but it was quite possible that Junior would be a strapping youngster the next time they came together. If so, his adorable baby sayings and his sense of baby gaiety would be gone. His sweet, cunning ways would be replaced by a boyish self-sufficiency. He might even forget his father entirely.

These thoughts travelled like burning darts through Al's mind, was it humanly possible for him to give up this little bundle of humanity? Could he live afterward? And then came the thought—Al Junior by force, jump into taxi and drive off with him. For a moment this idea persisted with startling intensity. It would be so easy, and he would be justified in doing it!

But, no, Al just couldn't do it—he wasn't made that way. He was kind, generous, chivalrous. He loved Molly in spite of what she had done to him, and he knew she

He took note of the fact that it stood beside a small, bare oak tree with a curiously gnarled trunk.

The winter day was dawning already; nurses from the fashionable houses along the Avenue were bringing home their baby charges who had been playing all afternoon in the park. There was a procession of them—babies in perambulators, little tots of two, three and four, carried in their nurses' arms or trotting along beside the women. Many were dressed similarly to Junior, who looked very like him. Al stood, slightly away from the sidewalk, peering eagerly into the little faces, listening to the chatter and childish laughter. These youngsters

—they were going home to happy nurseries, to fathers and mothers who loved them and were united.

How uncanny it was, thought Al, that this procession of babies passed him just at this time, when he had lost Junior. He stood like a statue until long after the last youngster had disappeared and the last remonstrating tone of the chattering French nurses had died away. Then he turned southward the city's skyscrapers, already ablaze with light in the distance. Elyséeper apartments—some—reaching into the cold blue winter evening sky! Everything he saw brought comparisons emphasizing the pain of his loss.

He walked slowly, asking himself—Where was he going? Back to the apartment where Celeste, the maid, waited with pitying eyes, back to Junior's nursery? No, he couldn't do that. He must tell Celeste tomorrow that he was giving up the apartment. He would go to a hotel to live.

But what were his plans? He must have plans, something to engage his interest, or he would go crazy with the pain of his loss. That was Al's big problem at the moment, and he knew it. Without plan he would be continually whirling in an emotional chaos.

He had plenty of money—that didn't worry him. And he knew what Molly had said—everything she had earned as a revue singer. She was simply able to provide for Junior. Besides, John Perry had made himself rich as a booze racketeer. No, the money angle could be set aside.

(To Be Continued.)

HOW TO RELIEVE CHILDREN'S COLDS

Avoid Serious Results By Using Baby's Own Tablets

When a child shows the first symptoms of a cold, such as sneezing, coughing, or a runny nose, it is important to take prompt measures for relief may avert serious results. Mothers should always have on hand some simple safe and effective remedy for immediate use.

Baby's Own Tablets act quickly, contain no opiates or narcotics, are tasteless and harmless. Concerning them, Dr. J. C. Gieseler, Holyoke, Mass., says: "I have used Baby's Own Tablets for my children and find them very satisfactory. When my little boy had a cold I gave him the Tablets at night and he was well the next day. I gave them to the children for constipation and they are always benefited. I think Baby's Own Tablets are much easier to give a child than liquid medicine. I strongly recommend all mothers who have young children to keep a box of the Tablets in the house."

Baby's Own Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Trade Within Empire

Canada Willing and Anxious To Extend Trade With Great Britain

Cables from Liverpool report the Hon. L. C. M. B. Amery, former Secretary of State for Dominion Affairs, as saying that the most atmosphere in Canada was favorable towards doing business with Great Britain and the rest of the Empire—more so than at any time in the past. "She is an extremely good shape, indeed," he said, "with a steady all-round development."

A Clever Goose

A bright light of the goose world, in England, is Jimmy, a goose owned by a South Essex miner. Leaping through a hoop, washing his face, he is dancing and jumping over his owner's arm are some of the tricks he boasts of. He partakes of his meals sitting in a high chair at the table and his manners are said to be perfect. He also stands at attention and shakes when ever the national anthem is played.

The game of billiards is very popular with teachers, professors and other professional men in Japan.

The early native of Hawaii had beautiful dishes of wood, carved and polished.

The Shmoo's Lament in The States.

For COUGHS, COLDS, Bronchitis and Influenza

25c. box contains 35 silver-jacketed Tablets.

A Law-Abiding Nation

English Obey Law and Support Authorities in Enforcing Same

No nation, not even the German, is more law-abiding than the English. Not only does the individual obey the law, but he supports the authorities in enforcing obedience on his neighbor.

"Not only is the criminal class in England small, and, to judge by the latest criminal statistics, diminishing, but the criminal himself shares with the more respectable neighbors the law-abiding instinct of the race," writes Geoffrey Layman, in the November Harper's Magazine.

"The safe-breaker," surprised in the midst of his nefarious operations by the solitary policeman on his beat, may be nine chances out of ten be expected to go quietly." He is himself unarmed, and he knows that the policeman is unarmed, except for a "truncheon" or club, so carefully concealed that I, the average citizen, have never even seen one in the hands or anywhere about the person of a policeman, although I know that it is there. There is a recognized etiquette in these matters. If the safe-breaker or burglar can finish his job and get away unseen, the trick is his; but if he is so clumsy as to allow the policeman to come upon him unawares, he murmurs "It's a fair cop, gov'nor" and submits. No English policeman, unless he is on plain clothes duty, or on some very rare occasion when there is strong probability that he will be met, almost certainly by aliens, with violent and murderous resistance, is ever armed with any weapon more lethal than a truncheon; and it is very rarely, and only in the most extreme cases, that he has occasion to use even that. He has no need for anything more."

Canadian Is World's Champion

Montreal Youth Defeats Eight Nations in Oratorical Contest

Roch Pinaud, of Montreal, representing the student orators of Canada, won the highest international honors in competition with eight others before members of the diplomatic corps and an audience of about 8,000 in the Constituent Hall at Washington. Herbert Shuman, of Germany, was second, and Roberto Ortiz Gritz, Mexico, third.

Pinaud took as the subject of his oration "Canada among the nations." His address and the manner of its delivery in the French tongue was adjudged the best among those made by the youths of England, the United States, France, Germany, Denmark, Mexico, Cuba and Peru.

Worms: by the Irritation they cause in the stomach and intestines, deprive infants of the nourishment that they should derive from food, and mal-nutrition is the result. Miller's Worm Powders destroy worms and correct the morbid conditions in the stomach and bowels that are favorable to worms; so that the full nutrition of the child is assured and development in every way encouraged.

Eliminates Climbing

The highest and fastest lift in Europe is claimed for the Westminster Cathedral. In 32 seconds one is carried to a height of 185 feet. Before the lift was installed approximately 11,000 people climbed to the top annually.

Holland Builds Largest Locks

Third Longer and Half as Wide

As the Panama Canal Locks

The most important of the numerous canals in Holland is that which since 1876 has connected Amsterdam, Holland's second—seaport with the ocean. With the gradual increase in the size of the ocean-going vessels, says the Netherlands News Bureau, this canal had to be widened and deepened until at present it belongs, according to its dimensions, to the same class of large, internationally known artificial waterways as the Panama and Suez Canals. The North Sea canal has only one set of locks. These separate the turbulent waters of the North Sea from the calm, unruffled surface of the waterway and the many neighboring smaller canals and sluices. The locks are located at the coast near the town of IJmuiden, one of the important fishing centers of Holland.

As the canal has grown, so have the locks. Those in use at the present time admit ships of about 20,000 registered tons to enter the canal and thus reach Amsterdam. The ever increasing tonnage, especially of the modern liners, made imperative the construction of new locks which would be able to accommodate ocean vessels of any size. The locks have been under construction for a number of years and are expected to be ready early in September.

They will be the largest locks in the world, in length they exceed the locks of the Panama Canal by one-third, in width by one-half. The largest ships afloat, the Leviathan and the Majestic, will be able to pass these locks without any difficulty. The preliminary depth of thirty-eight feet will give to the canal a profile with an area of about 14,000 square feet. This is more than the Suez Canal and a little less than the Panama Canal.

The gates weigh nearly 1,200 tons each. They are opened by rolling them back into recesses of exactly their size in the north wall. As no dry dock is available in the neighborhood which could accommodate the gates, some necessary repairs the recesses had to be finished up as dry docks. There are two gates in the western end of the lock chamber, one of which can be used as a reserve lock to replace either of the other two. The lock chamber can be filled in less than seven minutes. When the tide is very high it will take a little longer. The whole lock is operated electrically.

Blairmore Sausage Factory & Meat Market
 V. Krivsky, Prop.

Dearborn Street South of Track, Blairmore

Variable Veracity

"Are you going to fish during your summer vacation?"

"Certainly," answered the senator.

"Will you tell the public what luck you have?"

"No. The public may believe a man when he talks politics. But no one is expected to believe him when he talks fish."

Workmen were making repairs on the wires in a school house one Saturday, when a small boy wandered in.

"What do you do?"

"Installing an electric switch," one of the workmen said.

The boy then volunteered: "I don't care. We've moved away, and I don't go to this school any more."

The Bazaar in aid of St. Anne's Catholic church is not postponed. The date, November 27th, stands.

John Spence, former chief of police here, now stationed at Lethbridge, is convalescing following a rather critical operation.

We are slipping so rapidly back to the age that the pretty girl is beginning to wonder how the drug store can keep abreast of the times.

Procure stocks worthwhile at the Opera House on November 27th. C. W. L. Bazaar.

A delegation representing the miners' unions of this district will this week end wait upon Premier Brownlee at Edmonton to discuss labor and relief conditions in the Pass.

A party of ten hunters from Macleod and Granum returned here from a six weeks' hunt in the North Fork country on Wednesday. They secured seven bucks.

BAZAAR—The Ladies' Aid of the Bellevue United church will be holding their Annual Bazaar on November 9th in the church. There will be a great display of fancy work, plain sewing, candy, home cooking, grab boxes, etc. Prices to meet the pockets of everyone, so come along and bring your friends. [n7]

Last week mention was made in our columns of a bottle of liquor, purchased from a government vendor store, not being up to standard or reputed quality. The bottle was later sent to Edmonton, where, upon analysis, it was found to be impure. No doubt it had been tampered with in transit before coming into possession of the liquor control board and that the matter will be traced further.

Mine Rescue Car No. 1, is again stationed at Blairmore, after sojourns at other points in the district.

Mrs. W. O. Evans, after visiting with friends here for a couple of weeks, returned to Calgary the early part of the week.

Miss Madeleine Chardon and Mr. W. H. Moser will hold their third annual recital at the Orpheum Theatre on the night of Wednesday, November the 20th.

The local lodge of Pythian Sisters will hold their annual bazaar on Wednesday, November 20. [tn14]

EYES EXAMINED—Make your appointment with Mr. Gordon Steeves, Blairmore Pharmacy, for Saturday, November 16th.—E. J. ANDERSON, B. Sc. [n7-14]

H. D. Gerry will conduct an auction sale of furniture, machinery, etc., at the Law Ranch, ten miles from Lundbreck, on Wednesday next, November 13th, commencing at 1 p.m. sharp. See bills for items.

Capt. Fowler, of Lacombe, the new Salvation Army officer in charge of the corps in this district, has arrived at Coleman, replacing Lieut. Meakings, who has been transferred to Vegreville.

Of several farmers in the Clareholm region who have been trying out the Trail, B.C. phosphate fertilizer on 5-acre plots, two have made reports: Delbert L. Reynolds reports an average of 49 bushels, to the acre compared with 31 bushels on non-fertilized fields, while Lloyd Morrison reports a yield of 44 bushels to the acre on the fertilized land as compared with 33 bushels on the unfertilized soil.
